DR113 Hand-Crank Radio

Whether you're on a camping trip far from civilization, on your patio at home, or need a reliable companion during unexpected emergencies—the DR 113 outdoor radio will never leave you in the dark. Designed for maximum independence, this compact all-rounder combines state-of-the-art reception technology with unmatched versatility. When the power goes out, the DR 113 really shines: Thanks to the smart combination of a powerful 4,000-mAh rechargeable battery, an AAA battery compartment, a smooth-running hand crank, and an efficient solar panel, you'll always have access to the latest news, ASA emergency alerts, and entertainment. The sturdy, shock-resistant housing easily withstands rough use, while IPX3 protection keeps it safe from sudden rain showers. A brilliant 2-inch TFT color display ensures a clear view, whether you're enjoying static-free DAB+ reception or streaming your own playlist via Bluetooth.

KEY FEATURES

Diverse Energy Sources
3 charging options (crank, solar, USB-C) and an AAA battery compartment—for unlimited, self-sufficient reception readiness.

Mobile Power Bank
Conveniently charge external devices via USB-A or USB-C using the powerful, removable 4,000-mAh battery.

SOS Alarm Function
A loud siren and a highly visible flashlight to help emergency responders locate you quickly in an emergency.

BT Streaming & DAB+
No-noise digital radio and direct, wireless audio streaming from your smartphone.
