Tectalk Duro BT

▶ Art.-Nr.: 29841

The Tectalk Duro is a tough device with high-quality feel and therefore ideal for professional use.

There are two versions of the PMR, one including a bluetooth function. The PMR radio has a very long operating time of 15 hours which allows communication without having to load "in between". It is programmable via the optional software.

The Tectalk Duro version for Bluetooth-enabled headsets is additionally dust- and waterproofed (IP67 / protection against temporary immersion)
