

Midland G15

*Multi-task portable PMR446 transceiver
with vocal tuning*

Cod. C1127

uk

Midland Introduces the new multi-task transceiver:
MIDLAND G15!

MIDLAND G15 is the new **semi-professional** radio, operating on the PMR446 band, that guarantees clear communications and durable operations.

Compact but extremely tough, **G15** boasts an **aluminum die cast chassis** and the compliance to **IP67** level, offering **total protection from dust** and against the effect of **immersion in water up to 1m depth for 30 minutes**.

G15 is a very reliable equipment, easy to use and provides clear communications with your partners, even in very noise environments.

Midland G15 is **programmable** through its optional programming software: **PRG-G15** allows you to increase the performance of your radio or to reduce its functionality by enabling or disabling some features (CTCSS, DCS, TOT, VOX, ROGER BEEP, SQUELCH, VOICE, Emergency...).

G15, incorporates many features such as the **vocal tuning** activated by default, SCAN and VOX for hands-free conversations; besides, the **high-efficiency 1600mAh Li-Ion battery pack** ensures 19 hours of autonomy.

With its **16 channels** (8 PMR446+ 8 pre-programmed), 50 CTCSS tones and 105 DCS codes, Midland G15 is the ideal device for leisure situations but especially for professional users!

IN CONFORMITY WITH CE/99/05

Data

Release

25.11.2013

COLOUR: black

What's in the box:

- G15 transceiver with belt clip
- rechargeable Li-ion battery pack 1600mAh
- wall adaptor
- desktop charger
- quick guide

Main features

- PMR 446 Transceiver
- 8 PMR446 + 8 pre-programmed channels
- Output power: $\leq 500\text{mW}$
- Channel spacing: 12.5KHz
- IP67 certified
- Vocal tuning
- Scan
- Monitor
- Roger beep
- Auto battery save
- Squelch
- VOX
- L-type plug, 2 PIN Motorola
- Weight: 227gr (battery included)
- Dimensions: 105×50×32mm (antenna excluded)

OPTIONAL ACCESSORIES:

- **PRG-G15** Programming software - cod. C1131
- **PB-G15** Li-ion battery pack 1600mAh – cod. C1128

To improve its ease of use, two optional microphones have been designed:

- **MA25-M** Speaker/Mike with L-type plug, 2 Pin Motorola – cod. C1129
- **MA27-M** Mike with PTT and L-type plug, 2 Pin Motorola – cod. C1130
