

BE SAFE WITH RUGGEAR PROGUARD
ProGuard

The RUGGEAR PROGUARD is specially designed with SOS feature and Balance sensor. In addition to taking the weight of a 2-ton SUV roll-over, it is resistant to water and dust and able to detect the status of the user and send alarms to predefined numbers after the phone has been tilted at 45 degrees for a pre-defined time. PROGUARD is widely used by elderly, for nurse calls, man-down systems, mobile lone worker, airport emergency calls and education facilities. You will never be safer with a RugGear ProGuard.
