About us

Founded in 2001, Voxtech has become the largest independent 2-way radio audio accessories manufacturer in the world. Catering semi-customization of military and police market, our product line covers over 3000 headsets and 400 radio connectors.

25 experienced R&D engineers
500 staffs
1,600 m² R&D center
8,400 m² manufacturing facility

Research and Development

Voxtech R&D has successfully rolled out the proprietary bone conduction microphone, award winning bone conduction speaker, waterproof speaker microphone, and wireless PTT etc. Voxtech reacts quickly towards OEM/ODM projects to meet clients' needs of developing unique solution.

55m³ acoustic chamber with 100Hz effective cut-off frequency.

Quality Control

Over the years, Voxtech has developed an ISO9001-2008 certificated QC system to guarantee military quality in small batch manufacturing headphones. Voxtech has obtained a very low return rate of 0.18% over the years.

Product reliability and assurance tests are carried out as per Military-Standard-810F.
